

Band Saw Box

1. Overall Dimensions

(i) Plywood thickness = t * 2 = _____

(ii) Box length = _____

(iii) Box width = _____

(iv) Box height = _____

2. Cutting Dimensions

u = _____

u = _____

x = _____

y = _____

z = _____

3. Cutting Schedule

(i) Cut strip(s) for sides and ends. Width = u = _____

(ii) Cut sides to length. Length = u = _____

(iii) Cut ends to length. Length = x = _____

(iv) Cut top & bottom to width. Width = y = _____

(v) Cut top & bottom to length. Length = z = _____
